

Hi everybody I hope everybody is keeping safe and well. Thanks to all the people who have submitted work for me to correct. This week I'm going to give a small bit of extra work in Maths Irish and English. This week we will continue on with the work on 3D shapes. The Maths (worksheet 1) will just consolidate the previous weeks work on 3D shapes. It just involves matching the correct 3D shape with its corresponding net and the other part is just some true or false questions based on 3D shapes.

On Tuesday, the children can read through a short Irish story Lá sa pháirc about Caitheamh Aimsire and on Lá sa pháirc ceisteanna there are 4 questions based on the story which the children can answer.

Finally, for Wednesday and Thursday I have included an English comprehension piece (Achoo!) based on Sneezing. On Wednesday I'd like the children to read through the piece (page 1) and answer the questions (page 2) and also do the vocabulary work (page 3). Then on Thursday and Friday they can write a small report (page 4) about what they know about sneezing and the importance of good hygiene when we sneeze and its importance at this present time. Again this report can be written on the page provided in the PDF document or if its easier you can just type up a short piece.

I have included the answers to the Master Your Maths from the previous weeks in another document.

You can send me the children's completed Sneezing report and Gaeilge work on Friday and I will correct and provide some feedback to you about it. My email is david.doyle@aughacaslans.com

All the work I set including this extra work is completely option and is at the discretion of you the parent it is not intended to add any extra pressure to you or your child and you are under no obligation to complete it.

Kind Regards

David Doyle
